

Vision 2015

JET's focus areas against the levels of the education system

FET College improvement services targeting colleges and industry in an effort to address the challenge of the 3 million unemployed post grade 9 youth

Research, monitoring and evaluation services aimed at creating knowledge on systems improvement and assessing the efficacy of programmes, projects and policy

National Education

- R145 billion
- 12.4 million learners
- R11,695 per learner
- 26 000 schools
- 50 FET colleges (275 sites)

Provincial Education

- Average: R12.9 billion
- Range : R2.8 – 23 billion
- 75.4% spent in salaries

Districts

- Approx: 80 districts
- Paper budgets
- Limited research
- No common framework
- Strategy and capacity are weak

Schools

- Average S C pass: 60.7%
- Gr 3 Numeracy: 35%
- Gr 3 Literacy : 36%
- Minimal parent involvement
- Budget: R103 000 (median)
- CSI spends R1.6 billion

Education planning – providing facilitation services aimed at improving the allocation and utilisation of education resources

School improvement work targeting schools and involving circuits, districts, education stakeholders and communities

Strategic objectives

In the next five years JET will:

- Test systemic solutions to current education challenges
- Contribute to education development knowledge base through research and dialogue
- Strengthen its organisational capacity and relevance

We remain committed to evidence-based approach
in our work

Services offered by JET

We provide the following services:

- Design and implement education improvement projects
- Provide strategic support to the education system
- Design and implement research projects
- Evaluate education projects

We partner with and service:

- Education departments and institutions, CSI units, development foundations and trusts, and international donors

Our improvement projects target:

- FET colleges, schools, education systems, school communities and youth

Partnership Funding

In the coming years JET will:

- Co-fund school improvement projects to the tune of R16 million
- Invest R1 million per annum in innovative projects of national importance
- Make R6 million available for partnerships in strategic projects

This establishes collaborations with other funders in our venture to reinvest R23 million into the education system subject to funding conditions set down by the board.

Our mission

To offer our clients, who want to assist disadvantaged young South Africans, educational research and knowledge-based interventions that are innovative, cost-effective and sustainable.

Our vision

Every child in South Africa receives quality education
