

**Vision**

Africa's leading educational think-do tank.

**Mission**

To positively impact education policy and implementation in South Africa and Africa through rethinking current education systems and engaging in evidence-based research.

**Value Proposition**

JET is able to optimise innovation and evidence-based solutions towards quality education through independent and credible research, M&E and implementation.

**Values**

- Championing social justice in education
- People-centred
- Knowledge-driven
- Innovative

**Thematic Areas**

Early childhood development (ECD), specifically Gr R teacher development

School improvement

Teacher education

Post-school education and training (PSET)

Interoperability and data ecosystems

Innovative funding models for education

**“Infinity and Beyond”**

**∞ > 21-25**

**STRATEGY**

**Principles**

1. Relevance and brand positioning

8. A lean and efficient organisational structure

7. Digitalisation as a business imperative for growth and sustainability

2. Our people are what makes us successful, and we will continue to employ those who are activists at heart and researchers in mind

3. Business and financial sustainability

4. Capacity building of young researchers is a foundational element of our sustainability

5. An intermediary organisation with capacity in research, M&E, and implementation

6. Diversification of income streams and market opportunities, continental and international

JET is an “(dis)intermediary organisation” able to manage the implementation and evaluation of education interventions

**Inward Facing**

Position JET as a robust intermediary for impact with impeccable corporate governance and a people-centred approach

**Objectives**

**Outward Facing**  
Through evidence-based knowledge interventions, collaboration with the public and private sectors, and the use of technological infrastructure, turn challenges into solutions, resulting in improved education quality, particularly for disadvantaged communities
